Transform the future of healthcare through the power of business. With an online MBA in Healthcare from FIU, you will learn the complex business and leadership skills required to advance your career in the healthcare industry. Earn your Healthcare MBA in just 18 months, and explore the issues and practices in this rapidly changing field. You'll gain specialized knowledge in financing and reimbursement of health systems, federal and global health policy processes, legal issues facing providers, and effective decision-making for healthcare managers.

The online Healthcare MBA focuses on the business of healthcare, and includes three residencies to enhance your professional skills, earn certification in Lean Six Sigma yellow and green belt, and expand your networking opportunities with classmates, faculty, senior healthcare executives and an alumni network of more than 300 healthcare professionals. Through the optional global travel program, you'll gain a broader perspective on international health issues and earn an Advanced Certificate in Global Healthcare Administration, to further distinguish yourself in the healthcare job market.
