Florida International University’s fully online Master of Science in Curriculum and Instruction: Curriculum Development Specialization program allows you to fuel your passion for education and learning even further. Through our program you will gain experience that empowers you to make changes in your classroom and become a leader in your school. This online graduate program also places emphasis on classroom-based research and understanding approaches to curriculum and instruction.

Develop a keen understanding of the trends and issues in curriculum development and instruction, along with research-based methods to improve student achievement. Be part of FIU’s renowned Education Programs, which are accredited by the National Council for the Accreditation of Teacher Education (NCATE) and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). This fully online program is completed in one year and is delivered in an 8-week format where students take two courses at a time.
