BACHELOR OF ARTS IN HISTORY

ABOUT THE PROGRAM

In order to know where you are going, you need to know where you’ve been. This basic tenet is a foundational concept for Florida International University’s online BA in History students. Our program is forward-thinking, current and shapes graduates into leaders of tomorrow.

Globalization is a reality in today’s world. With emerging markets, evolving political states, and cultural conflicts, a bachelor’s degree in history will prepare you with a well-rounded regional view of the world’s most dynamic areas. Understand the complex interactions of the world’s cultures and develop the analytic skills needed to understand and change the world.

Students will gain critical skills for research, communication and investigative work as they learn about past societies and correlate these lessons to modern issues. Students will discover the causes and impacts of scientific and technological breakthroughs; environmental events; the formation, evolution and conflicts of family groups; mass migrations; wars, cultural encounters; and revolutions on regions across the world and from the ancient world to the present. The program covers art, religion, linguistic differences, and historical texts as well as philosophical thought on the cross sections of our shared human experience through time.
