Fully online program designated for licensed registered nurses only.

For Florida RNs ready to leap forward in their career, a bachelor’s degree in nursing can help boost your marketability, expand your skills, and increase your value to your employers. FIU Online’s RN to BSN program is specifically designed for Florida registered nurses (RNs) who wish to complete a Bachelor of Science in Nursing (BSN) degree.

The online RN to BSN curriculum is flexible and adaptable to your schedule, with full or part-time options. You’ll earn your BSN with a minimum of 30 additional credits of upper division online coursework and an additional 30 credits earned through clinical proficiency evaluation, bringing your total credits to 120 credits which include the 60 lower division credits from your previously earned Associate of Science in Nursing (ASN) degree. Graduates of the RN to BSN program track are eligible to apply for graduate programs with advanced nursing degrees, such as a Master’s of Science in Nursing (MSN), or doctoral programs such as the Doctor of Nursing Practice (DNP) or the BSN to PhD in Nursing program.
